

PREFACE

The estimate of State Income of Maharashtra is being prepared by the Directorate since last five decades. The series of State Income have been revised from time to time. The present series with the base 1993-94 was prepared in the year 1999 and was first published in the “ Economic Survey of Maharashtra 1999-2000 ”. The changes made in the revised series was published in the Publication titled “ New series on State Domestic Product Maharashtra ” in November 2000. The estimates for the years 1993-94 to 1998-99 are available in this report. The series is updated every year and the latest estimates are published in the Economic Survey of Maharashtra. Thus in the Economic Survey of Maharashtra 2002-2003 the estimates for the years 1993-94 to 2001-2002 are published.

The Economic Survey, however, contains only summary tables of the sectoral estimates, the detailed tables are not available in the published form. The aim of bringing out this monogram is to make available the detailed tables to the users and research workers.

The publication contains I) Summary and derived tables,

II) Graphs,

III) Sectoral tables i.e. Disaggregated tables and

IV) Methodology.

I place on record appreciation of the concerted efforts put in by Shri. S.R. Shinde, Joint Director, Shri. D.G. Sute, Deputy Director, Shri. B.N. Naik, Research Officer and Staff members of National Income Unit for bringing out this publication.

It is hoped that the publication will be useful for study of the economy of the State of Maharashtra. Any suggestions for improvement in the format or the contents of the publication are welcome.

Date : June, 2003

Place : Mumbai

B.M. NAGRALE

DIRECTOR
