1	Section 5, Page 11 of 61 Pre-qualification Criteria for Group I & II bidders	Does this imply that cumulative income starting from April 2011 should be minimum Rs.25 crores or average income? Our company has conducted large scale, state wide and nationwide surveys with sample size ranging from 25000 to 1.2 million. We have extensive experience in carrying out evaluation studies focussing on social sectors including health, education, water and sanitation and NRM. However, our average income in the last 5 years is 18 crores and in the last 3 years is 20 crores. Our cumulative income, though, is more than 25 crores since April 2011. Could we, therefore, apply for Group I and category A1 as bidders as we have the requisite project profiles and human resource capacity as stated the RFP? Kindly suggest.	No change. Self explanatory.
