Estimates of  
Gross Fixed Capital Formation

( Public Sector - 1993-94 to 1998-99 )

[ Base Year 1993-94 ]

Directorate of Economics & Statistics,  
Mumbai

## **P R E F A C E**

The report on the estimates of Gross Fixed Capital Formation (GFCF) in Public Sector in Maharashtra at Current Prices for the year 1993-94 to 1997-98 was published in 2000. As the base year 1993-94 series was up to 1998-99, the GFCF estimates for 1993-94 to 1998-99 are published in this report. The report has been prepared in accordance with the guidance provided by the National Statistical Office (erstwhile Central Statistics Office), Government of India. The estimates of GFCF for the public sector are prepared and presented in this publication by type of assets, by type of institution & by type of industry of use.

I gratefully acknowledge the co-operation given by various government departments, Central and State Departmental Enterprises (DES), Central & State Non-Departmental Enterprises (NDEs) and National Statistical Office (NSO).

Suggestions for improvement are most welcome.

MUMBAI  
April, 2021.

## **PART- I**

### **INTRODUCTION**

Capital Formation is an indicator to measure the productive potential of the economy. Capital formation is that part of total expenditure which is not consumed but added to the fixed assets and stocks.

#### ***Concepts and Definitions :***

Gross Capital Formation is measured by the total value of the Gross Fixed Capital Formation (GFCF), change in inventory and acquisitions less disposals of valuables. The estimates of capital formation can be prepared by following three approaches.

- i) Production or commodity flow approach
- ii) Savings and flow of funds approach
- iii) Expenditure approach

At National level, estimates are prepared by following all the above approaches. As the Production or commodity flow approach and Savings & flow of funds approach are not feasible at State level, expenditure approach is used to prepare estimates of GFCF at State level. Similarly, data of change in stocks are not available at State level due to open boundaries of the States. Hence, at the State level estimates of Gross Fixed Capital Formation prepared as per recommendations of Regional Accounts Committee (RAC).

Gross Fixed Capital Formation refers to aggregate of gross addition to the fixed assets in stocks during a period of account. Fixed assets comprises of buildings, roads & bridges, other construction, machinery equipments and transport equipments.

#### **Coverage :**

In this report the estimates of Gross Fixed Capital Formation in the public sector from 1993-94 to 1998-99 are given.

Public Sector consists of Departmental Commercial Undertakings (DCU), Non-Departmental Commercial Undertakings (NDCU) and administrative departments of Central Government, State Government & Local Bodies.

Private sector consists of Private Corporate and Household sector.

Supra-Regional Sector consists of Railways, Communications and Banking & Insurance.

## **Methodology:**

Estimates of Gross Fixed Capital Formation have been prepared as per the guidelines for GFCF estimate at State level provided by National Statistical Office from time to time.

**Public Sector :** Estimates of Gross Fixed Capital Formation for Public Sector are prepared by type of assets, by type of institution and by industry of use.

**a.** Estimates of Gross Capital Formation have been prepared for following **Types of Assets**

- Buildings
- Roads & Bridges
- Other Constructions
- Plant & Machinery
- Transport Equipments

**b.** Estimates of Gross Fixed Capital Formation **by type of Institution** are in respect of Government Administrative Departments, Departmental Enterprises and Non-Departmental Enterprises of Central and State Government and Local Bodies in the State. These estimates are prepared by compiling data available in the State budget, balance sheet of Public Sector Enterprises/ Companies and from the annual statement of accounts of Local Bodies in the State.

**c.** The economy has been divided into following sectors for estimation of Gross Fixed Capital Formation **by industry of use.**

- (i) Agriculture including Livestock
- (ii) Forestry and Logging
- (iii) Fishing
- (iv) Mining and Quarrying
- (v) Manufacturing
- (vi) Electricity, Gas and Water Supply
- (vii) Construction
- (viii) Trade, Hotels and Restaurants
- (ix) Transport, Storage and Communication
  - i) Railways
  - ii) Transport by other means
  - iii) Storage
  - iv) Communication
- (x) Banking and Insurance
- (xi) Real estate, ownership of dwelling & business services
- (xii) Public Administration
- (xiii) Other Services
