

**A REPORT BASED ON
ANNUAL SURVEY OF INDUSTRIES
2006-07 & 2007-08**

**DIRECTORATE OF ECONOMICS AND STATISTICS,
PLANNING DEPARTMENT,
GOVERNMENT OF MAHARASHTRA, MUMBAI.**

PREFACE

The Annual Survey of Industries (ASI) is the only reliable source of statistics for organised sector of industries. It provides estimates of various important economic characteristics relating to capital structure, employment, emoluments, input, output, Net Value Added, etc. This report is based on estimates derived from pooling data collected under the statutory provisions of the Collection of Statistics Act 1953, and the rules framed there-under in 1959 from Central and State sector industries under ASI 2006-07 and 2007-08. The report consists of introduction, concepts & definitions, survey findings, summary and statistical tables.

The Directorate is grateful to the Central Statistics Office (IS Wing), Kolkata for supplying the validated unit level data of ASI for compilation of detailed tables.

I hope the report will be useful to planners, policy makers and researchers. Suggestions for improvement in the report are welcome.

1	Introduction	1-4
2	Concepts and Definitions	5-10
3	Survey findings	11-25
4	Summary	27-28
Annexure-I	Selected Characteristics of Industry group (2-digit)	29-34
Annexure-II	Selected Characteristics of Industry group (3-digit)	35-40
Annexure-III	District wise Summary Results	41-103
Annexure-IV	ASI 2006-07 to 2007-08 Schedule	104-119

CHAPTER – 1

INTRODUCTION, SCOPE, COVERAGE AND SAMPLE DESIGN

1.1 The Annual Survey of Industries (ASI) is the reliable source of industrial statistics in the Country as well as in the State. It provides desirable statistical information to assess and evaluate the changes in the growth, composition and structure of organised manufacturing sector. The collection and dissemination of ASI data regularly are vital source of information for industrial policy makers, planner and researchers.

The main objectives of the survey are :-

- (i) To estimate contribution of industrial sector in the State economy.
- (ii) To Systematic study of various structural aspects of the industry.
- (iii) To Analyse various factors influencing the industrial sector in the State / or Country.
- (iv) To construct comprehensive, factual and systematic bases for formation of policy.

1.1.1 Uptill 2004-05, Central Statistics Office (CSO) was doing the fieldwork of the survey with the help of NSSO. One copy of filled in scheduled was submitted to DES for processing. After processing DES releases the result in Economic Survey of Maharashtra. From 2005-06 onward, the State Directorate of Economics & Statistics (DES) participates in this survey. It is also responsible for the timely conduct of the ASI in the State and to publish State report for this purpose. This report is based on pooled data of central and state samples of Annual Survey of Industries.

1.2 Background: The Survey was conducted annually under the statutory provisions of the Collection of Statistics Act, 1953 and the Rules framed there-under in 1959. From 2010-11 onwards, the Survey is being conducted annually under the statutory provisions of the Collection of Statistics Act 2008, and the collection of statistics Rules, 2011.

1.3 ASI Schedule: The schedule for ASI, at present, has two parts. Part-I of ASI schedule, aims to collect data on assets and liabilities, employment and labour cost, receipts, expenses, input items: indigenous and imported, products and by-products, distributive expenses, etc. Part- II of ASI schedule is processed by the Labour Bureau. It aims to collect data on different aspects of labour statistics, viz. working days, man-days worked absenteeism, labour turnover, man hours worked etc.

SCOPE AND COVERAGE:

1.4 Geographical Coverage: The ASI extends to the entire state.

1.5 Reference Period: Reference period for ASI is the accounting year of the industrial unit ending on any day during the financial year. e.g. for ASI 2007-08, the data collected from the respective industrial units relate to their accounting year ended on any day between 1st April 2007 and 31st March 2008.

1.6 Survey Period: The actual survey period for ASI is generally September to April every year.

1.7 Coverage of units: It covers all factories registered under the Section 2m(i) and 2m(ii) of the Factories Act, 1948, where the manufacturing process is defined under section 2(k) of the said Act.

1.7.1 Beedi and Cigar units, employing 10 or more workers with the aid of power and 20 or more workers without the aid of power and registered under the Beedi and Cigar workers (Conditions of Employment) Act, 1966 are also covered in ASI.

1.7.2 From ASI 1998-99, the electricity units registered with the Central Electricity Authority (CEA) and the departmental units such as railway workshops, Govt. Mints, sanitary, water supply, gas storage etc. are not covered, as there are alternative sources of their data compilation for estimation of Gross Domestic Product by the National Accounts Division of Central Statistical Office, Govt. of India. However public sector undertakings and eligible captive plants are covered in the survey.

1.8 Unit of Enumeration: The primary unit of enumeration in the survey is a factory in the case of manufacturing industries, a workshop in the case of repair services, an undertaking or a licensee in the case of electricity, gas & water supply undertakings and an establishment in the case of Beedi & Cigar industries. The owner of two or more establishments located in the same State and pertaining to the same industry group and belonging to same scheme (census or sample) is, however, permitted to furnish a single consolidated return. Such consolidated returns are common feature in the case of Beedi and Cigar establishments, electricity and certain public sector undertakings.

1.9 ASI Frame: Availability of a complete and upto-date frame listing all the eligible units is an essential pre-requisite for any large-scale survey. In fact, availability of proper frame is one of the most critical requirements for working out correct multiplier to arrive at proper estimate. The ASI frame is based on the lists of registered factory / units maintained by the Directorate of Industrial Safety and Health (DISH) in each state and those maintained by registration authorities in respect of Beedi and Cigar establishments and electricity undertakings. The frame is being revised and updated periodically by the Regional Offices of the Field Operations Division of National Sample Survey Office in consultation with the DISH in the state. At the time of revision, the names of the de-registered factories are removed from the ASI frame and those of the newly registered factories are added. In updating, only new registrations are added to the existing frame.

1.10 Sampling Design: The sampling design adopted in ASI has undergone considerable changes from time to time, taking into account the technical and other requirements. All the factories in the updated frame are divided into two sectors, viz., Census and Sample.

1.10.1 Census Sector : The Census Sector has been defined as follows:

- a) All industrial units belonging to the six less industrially developed states/ UTs viz. Manipur, Meghalaya, Nagaland, Sikkim, Tripura and Andaman & Nicobar Islands.
- b) For the rest of the twenty-five states/ UTs., (i) units having 100 or more workers, and (ii) all factories covered under Joint Returns.
- c) After excluding the Census Sector units as defined above, all units belonging to the strata (State by 4-digit of NIC) having less than or equal to four units are also selected as census sector units.

1.10.2 Selection procedure of Sample Sector units: Remaining units, excluding those of Census sector, called the sample sector, are arranged in order of their number of workers and samples are then drawn circular systematically considering sampling fraction of 20 per cent for the states within a State X 4-digit NIC with a minimum of 4 units evenly distributed in two sub-samples.

1.10.3 Selection of State Sample: After selecting the central sample in the way mentioned above, the remaining units in sample sector, are treated as residual frame for selection of sample units for the States/UTs, stratification is done afresh by grouping units belonging to District X3-digit NIC for

each State to form strata. Considering sampling fraction of 10 per cent in general within each stratum, the sample units are then drawn circular systematically from each stratum. The basic purpose of introducing the residual sample was to increase the sample size for the sample sector of the States so as to get more reliable estimates at district level. Validated state-wise unit-level data of the central sample and the State residual sample surveyed data are combined by pooling to get combined estimate at the District level.

1.11 Estimation Procedure

Notations:

i = subscript for i-th state

s = subscript for s-th stratum in the i-th state

m = subscript for sub-sample (m = 1, 2)

k = subscript for k-th sample enterprise under a particular stratum

E = total number of factory in the sample sector in a stratum.

e = number of factories surveyed out of total number of factory in the sample sector in a stratum.

x, y = observed value of characteristics x, y under estimation.

X, Y = estimate of population total X, Y for the characteristics x, y.

Under the above symbols,

Y_{ismk} = Observed value of the characteristic y for the k-th enterprise belonging to the m-th Sub-sample for the s-th stratum in the i-th state.

(a) Formula for estimation of aggregates for a state based on central sample:

Estimation formula for any characteristics of the enterprise for the sample sector of the i-th state is:

$$\hat{Y}'_i = \sum_{s=1} \left[\frac{E_{is}}{e_{is}} \left[\sum_{k=1}^{e_{is1}} y_{is1k} + \sum_{k=1}^{e_{is2}} y_{is2k} \right] \right] \dots \dots \dots (1)$$

The formula for corresponding sub-sample wise estimates for the sample sector of the i-th state is:

$$\hat{Y}'_{im} = \sum_{s=1} \left[\frac{E_{is}}{e_{ism}} \sum_{k=1}^{e_{ism}} y_{ismk} \right], \quad m=1,2, \dots \dots \dots (1.1)$$

If \hat{y}_i be the corresponding estimate for that characteristic of the enterprise for the census sector of the i-th state, then the estimate for that characteristic of the enterprise for the i-th state as a whole is given by:

$$\hat{Y}_i = \hat{Y}'_i + \hat{Y}''_i \dots \dots \dots (2)$$

The estimate of the characteristic of the enterprise for all-India will be:

$$\hat{Y} = \sum_i \hat{Y}_i \dots \dots \dots (3)$$

(b) Formulae for estimation of aggregates for a state based on state sample:

The estimate for any characteristic of the enterprise based on the residual sample is to be obtained first for each district in a similar manner using formula (1) above assuming that I stand for the i -th district. Then the estimate for the i -th district based on the state sample will be obtained using formula(2), where \hat{y}_i will correspond to the estimate for that characteristic of the enterprise for the census sector of the i -th district. Note that the census sector of the i -th district will comprise of all units of the census sector as well as sample sector of the central sample belonging to the i -th district. Lastly, the state level estimate is to be obtained by using formula (3) above, that is, by aggregating the estimates over all the districts in the state.

1.12 Estimates of Ratios:

Let \hat{Y} and \hat{X} be the overall estimate of the aggregates Y and X for two characteristics y and x , respectively at the state / UT / all-India level.

Then the combined ratio estimate (\hat{R}) of the ratio $(R = \frac{Y}{X})$ will be obtained as

$$\hat{R} = \frac{\hat{Y}}{\hat{X}}$$

1.13 Publications and Restrictions :

A. The fieldwork of Central Sample of Annual Survey of Industries is conducted by National Sample Survey Office, Field Operations Division (NSSO, FOD), Ministry of Statistics and Programme Implementation, Govt.of India whereas, the fieldwork of the State Sample is conducted by Directorate of Economics and Statistics(DES), Government of Maharashtra. The unit level data entry, validation etc. of Central Sample and State Sample are done by Central Statistical Office(CSO) and DES, Maharashtra respectively. State wise final results are published by CSO, Govt.of India The analysis given in this report is based on unit level data supplied by CSO, Govt.of India. Report by DES, Maharashtra is based on data obtained by pooling Central and State Samples.

B. It may be noted that these results are not comparable over years because

- 1) The National Industrial classification (NIC) 2004 has been used.
- 2) The collection of Statistics Act, prohibits the disclosure of the data relating to individual factory. As such, in case where the data related to less than three factories in any industry group or in any district, such data have been reported under 'Other' industry group.
- 3) In the course of tabulation of data the figures were rounded off to the nearest integer at various levels of aggregation. Consequently, there can be a slight variation in the totals represented at higher levels of aggregates and the sum of corresponding constituents published in the tables.

CHAPTER TWO

CONCEPTS AND DEFINITIONS

2.1 A number of accounting, economic and other terms related to the factories are used in conduct of Annual Survey of Industries. For proper compilation / verification of ASI return, it is essential that the staff engaged in the conduct of ASI properly understands the terminology used in ASI. Therefore the concepts and definitions used in Annual Survey of Industries are briefly given in the present chapter.

2.2 Accounting Year: For the purpose of ASI, the accounting year is the period on which the factory closes its books of account. With the enactment of Income Tax Act, by and large, the accounting year of all factories is from April to March.

2.3 Reference Period: It is corresponding to the financial year. Reference period for ASI 2006-07 was 1st April, 2006 to 31st March, 2007. For ASI 2007-08, it was 1st April, 2007 to 31st March, 2008.

2.4 Survey Period: The actual survey period for ASI is generally from the month of September to April in the subsequent year following the reference period.

2.5 Factory: Factory is one, which is registered under Sections 2m(i) and 2m(ii) of the Factory Act, 1948. The Sections 2m(i) and 2m(ii) refer to any premises including the precincts thereof (i) whereon ten or more workers are working, or were working on any day of the preceding twelve months, and in any part of which a manufacturing process is being carried on with the aid of power, or is ordinarily so carried on, or (ii) wherein twenty or more workers are working or were working on any day of the preceding twelve months and in any part of which a manufacturing process is being carried on without the aid of power, or is ordinarily so carried on. Closed factories with fixed assets on site are also considered as registered factories till they are de-registered and removed from the live-register maintained by the Directorate of Industrial Safety and Health (DISH) in the State.

2.6 Fixed Capital: Fixed Capital represents the depreciated value of fixed assets owned by the factory as on the closing day of the accounting year. Fixed assets are those, which have normal productive life of more than one year. Fixed capital covers all types of assets, new or used or own constructed, deployed for productions, transportation, living or recreational facilities, hospitals, schools, etc. for factory personnel. It would include land, building, plant and machinery, transport equipment, etc. It includes the fixed assets of the head office allocable to the factory and also the full value of assets taken on hire-purchase basis (Whether fully paid or not) excluding interest element. It excludes intangible assets and assets solely used for post manufacturing activities such as, sale, storage, distribution, etc.

2.7 Depreciation: Depreciation is consumption of fixed capital by the factory due to wear and tear and obsolescence during the accounting year and is taken as provided by the factory, or if not, provided by the factory this is estimated on the basis of cost of installation and working life of the fixed assets.

2.8 Physical Working Capital: This is defined to include all physical inventories owned, held or controlled by the factory as on the closing day of the accounting year such as the materials, fuels and

lubricants, stores, etc. that enter into products manufactured by the factory itself or supplied by the factory to others for processing. Physical working capital also includes the value of stock of materials, fuels and stores, etc. purchased expressly for re-sale, semi-finished goods and goods-in-process on account of others and goods made by the factory which are ready for sale at the end of the accounting year. However, it does not include the stock of the materials, fuels, stores, etc. supplied by others to the factory for processing. Finished goods processed by others from raw materials supplied by the factory and held by them are included and finished goods processed by the factory from raw materials supplied by others, are excluded.

2.9 Working Capital: This is the sum total of the physical working capital as already defined above and the cash deposits in hand and at bank, land, the net balance of amounts receivable over amounts payable at the end of the accounting year. Amounts receivable includes value of credit items on revenue account, such as sums due to the factory for goods sold, amounts advanced in connection with normal factory work, bills of exchange payable to the factory, payments made in advance such as for fire insurance, telephone charges, rates and taxes, call deposits and security deposits having a normal life of less than one year, etc. Working capital, however, excludes unused overdraft facility, fixed deposits irrespective of duration, advances for acquisition of fixed assets, long-term loans including interest thereon and investment.

2.10 Invested Capital: Invested Capital is the total of fixed capital and physical working capital.

2.11 Productive Capital: This is the total of fixed capital and working capital.

2.12 Gross Value of Plant and Machinery: This represents the total original (un-depreciated) value of installed plant and machinery as at the end of the accounting year. It includes the book value of own constructed plant and machinery, if installed, and the approximate value of rented-in plant and machinery as at the time of renting in but excludes the value of rented-out plant and machinery. Total value of all the plants and machinery acquired on hire-purchase basis is also included. Thus it represents the gross value of plant and machinery engaged in production process.

2.13 Outstanding Loans: Outstanding Loans represent all loans, whether short-term or long-term, whether interest bearing or not, outstanding according to the books of the factory as on the closing day of accounting year.

2.14 Rent paid: This represents the amount of royalty paid in the nature of rent for the use of the fixed assets in the factory.

2.15 Interest paid: This includes all interest paid on factory account on loans, whether short term or long term, irrespective of the duration and the nature of agency from which the loan was taken. Interest paid to partners and proprietors on capital or loan are excluded.

2.16 Rent received: This represents the amount of royalty received in the nature of rent for the use of the fixed assets in the factory.

2.17 Interest received: This included all interest received on factory account of loans, whether short term or long term, irrespective of the duration and the nature of agency to which the loan was given. Interest received from partners and proprietors on capital or loan are excluded.

2.18 Workers: Workers are defined to include all persons employed directly or through any agency whether for wages or not engaged in any manufacturing process or in cleaning any part of the machinery or premises used for manufacturing process or in any other kind of work incidental to or connected with the manufacturing process or the subject of the manufacturing process. Labour engaged, in the repair and maintenance or production of fixed assets for factory's own use or labour employed for generating electricity or producing coal, gas, etc. are included.

2.19 Contract Worker: All persons who are not employed directly by an employer but through the third agency, i.e., contractor, are termed as contract workers. Those workers may be employed with or without the knowledge of the principal employer.

2.20 Employees: Employees related to all persons engaged by the factory whether for wages or not, in work connected directly or indirectly with the manufacturing process and include all administrative, technical and clerical staff as also labour in production of capital assets for factory's own use. This is inclusive of persons holding position of supervision or management or engaged in administrative office, store-keeping section and welfare section, watch and ward staff, sales department as also those engaged in purchase of raw materials, etc. and purchase of fixed assets for the factory. It also includes all working proprietors and their family members who are actively engaged in the work of the factory even without any pay and the unpaid members of the co-operative societies who work in or for the factory in any direct and productive capacity. Persons in the head office connected with the manufacturing activity of the factory are also included in this item.

2.21 Labour turnover: This measures the extent of change in the working force due to accession and separation during a given period. The term 'accession' was defined as the total number of workers added to employment during the period, whether new or re-employed or transferred from other establishments or units under the same management. Inter-departmental transferred within the same establishments are however ignored. The term 'separation' implies termination of employment at the instance of worker or employers. It includes termination of services due to death or retirement. As in the case of accession, transfers to other establishments are included but transfers within the same establishment are ignored. Retrenchment as a result of rationalization or modernization or any other cause, is also treated as separation.

2.22 Wages and Salaries: Wages and Salaries are defined to include all remuneration in monetary terms and also payable more or less regularly in each pay period to workers as compensation for work done during the accounting year. It includes (a) direct wages and salary (i.e., basic wages/salaries, payment of overtime, dearness, compensatory, house rent and other allowances) (b) remuneration for the period not worked (i.e., basic wages, salaries and allowances payable for leave period, paid holiday, lay-off payments and compensation for unemployment, if not paid from sources other than employers) (c) bonus and ex-gratia payment paid both at regular and less frequent intervals (i.e., incentive bonuses, good attendance bonuses, productive bonuses, profit sharing bonuses, festival or year-end bonuses, etc). It excludes layoff payments and compensation for employment except where such payments are made from trust or other special funds set up exclusively for this purpose i.e., payments not made by the employer. It excludes employer's contribution to old age benefits and other social security charges, direct expenditure on maternity benefits and crèches and other group benefits in kind and traveling and other expenditure incurred for business purposes and reimbursed by the employer. The wages are expressed in terms of gross value i.e., before deduction for fines, damages, taxes, provident fund, employee's state insurance contribution, etc. But benefits in kind (perquisites) of individual nature are only included.

2.23 Bonus: Profit sharing bonus, festival bonus, year-end bonus, and all other bonuses and ex-gratia payments paid at less frequent intervals are covered by this term.

2.24 Workmen and Staff welfare expenses: These include expenditure incurred by the employer on the maternity benefits and crèches and other benefits such as supply of food, beverages, tobacco, clothing and group lodging at concessional rates and educational, cultural recreational facilities and services and grants to trade unions, co-operative stores, etc. meant for employees.

2.25 Contribution to Provident Fund and Other Funds: These includes old age benefits like provident fund pension, gratuity, etc. and employers contribution towards other social security charges such as employees state insurance, compensation for work injuries and occupational diseases, provident fund- linked insurance, retrenchment and lay off benefits.

2.26 Emoluments: These are defined as the same way as wages but paid to all employees plus imputed value of benefits in kind i.e. the net cost to the employers on those goods and services provided to employees free of charge or at markedly reduced cost which are clearly and primarily of benefit to the employees as consumers. It includes profit sharing, festival and other bonuses and ex-gratia payments paid at less frequent intervals (i.e. other than bonus paid more or less regularly for each period). Benefits in kind include supplies or services rendered such as housing, medical, education and recreation facilities. Personal insurance, income tax, house rent allowance, conveyance, etc. for payment by the factory also is included in the emoluments.

2.27 Supplements to Emoluments: These include: (i) employer's contribution to old age benefits, i.e., provident fund, pension, gratuity, etc.; (ii) employer's contribution towards other social security charges such as Employees' State Insurance, compensation for work injuries, occupational diseases, maternity benefits, retrenchment and lay-off benefits, etc.; and (iii) group benefits like direct expenditure on maternity, crèches, canteen facilities, educational, cultural and recreational facilities and grant to trade unions, co-operative stores, etc. meant for employees.

2.28 Compensation of employees: This is the total of emoluments and supplement to emoluments.

2.29 Mandays Worked: These are obtained by summing up the number of Mandays worked by persons working in each shift over all the shifts on all days, i.e. both manufacturing and non-manufacturing days. This figure excludes persons who are paid but remain on leave, strike, etc.

2.30 Mandays Paid For: The number of Mandays paid for is arrived at by summing up the number of employees paid for in each shift. This also includes Mandays on weekly schedule holidays if paid for and those absences with pay as also Mandays lost through lay off/ strike for which compensation was payable.

2.31 Working Day: Working day means, the days on which a manufacturing process and/ or repair or maintenance work was carried on.

2.32 Non-working Day: Apart from manufacturing day and repair and maintenance days there may be some non-working days, are those days on which the workers give their attendance but due to

non-availability of raw materials power etc. no effective work is done. As the workers are paid for these days such days are also taken into account for the purpose of labour statistics.

2.33 Basic Materials: Basic materials are the materials which are important and of key nature to the industry on which the manufacturing process is based, e.g. Metal for machine, leather for shoe. Such material is not lost through the process of production but only changes its forms.

2.34 Consumable Stores: All such materials which assist the manufacturing process and lose their identity without entering the products are called consumable stores, e.g. cotton waste.

2.35 Fuel Consumed: Fuel Consumed represent total purchase value of all items of fuels, lubricants, electricity, water (purchased to make steam), etc. consumed by the factory during the accounting year except those which directly enter into products as materials consumed. It excludes that part of fuels, which is produced and consumed by the factory in manufacturing i.e. all intermediate products and also fuels consumed by employees as part of amenities. It includes quantities acquired and consumed from allied concerns, their book value being taken as their purchase value and also the quantities consumed in production of machinery or other capital items for factory's own use.

2.36 Materials Consumed: Materials Consumed represent the total delivered value of all items of raw materials, components, chemicals, packing materials and stores which actually entered into the production process of the factory during the accounting year. It also includes the cost of all the materials used in the production of fixed assets, including construction work for factory's own use. Components and accessories fitted as purchased with the finished product during the accounting year are also to be included. It excludes intermediate products. Intermediate products in the above context mean all those products which are produced by the factory and consumed for further manufacturing process.

2.37 Total Input: This comprises gross value of fuel materials, etc. consumed (as defined above) and also other inputs viz. (a) cost of non-industrial services received from others, (b) cost of materials consumed for repair and maintenance of factory's fixed assets including cost of work done by others to the factory's fixed assets, (c) cost of contract and commission work done by others on materials supplied by the factory and (d) cost of office supplies and products reported for sale during last year & used for further manufacture during the accounting year.

2.38 Intermediate Product: This is a product which is obtained during a manufacturing process, which may or may not be saleable and is not the intended final product.

2.39 Net Value of Semi-Finished Goods: It represents the excess/deficit of value of the semi-finished goods and/or goods-in-process at the end of the accounting year over that at the beginning of year.

2.40 Products: These are defined to include the ex-factory value (i.e. exclusive of taxes, duties etc. on sale and inclusive of subsidies etc., if any) of all products and by-products, excluding intermediate products, that have been completed during the accounting year for sale whether actually sold during the accounting year or entered into books. Also include fixed assets produced by the factory for its own use.

2.41 Gross Output: Gross output is defined to include the ex-factory value, (i.e., exclusive of taxes, duties, etc. on sale and inclusive of subsidies etc., if any) of products and by-products manufactured during the accounting year and the net value of the semi-finished goods, work-in-progress (represents the excess/deficit of value of semi-finished goods or work-in-progress at the end of the accounting year over that of the beginning of the year plus net balance of semi-finished fixed assets on factory's capital account) and also the receipts for industrial and non-industrial services rendered to others, value of semi-finished goods of last year sold in the current year, sale value of goods sold in the same condition as purchased and value of electricity generated and sold. Value of gross output and total output has been used in the text interchangeable to mean the same thing.

2.42 Semi-finished goods: Semi-finished goods refer to the imputed value of all materials which have been partially processed by the factory but which are not usually sold without further processing. It includes the work in progress for materials supplied by others, but excludes the value of semi-finished fixed assets produced for factory's own use.

2.43 Finished goods: Finished goods of the factory are the ultimate products ready for sale. It does not require further processing but includes packaging and labeling, etc.

2.44 Imported Materials consumed on actual use: It comprise the portion of materials consumed and which are imported from other countries. It may be raw material or fuels or components and accessories of the input basket.

2.45 Industrial Services: Any services taken or rendered from one to another unit resulting in increase in the value of material during the manufacturing process are industrial services.

2.46 Non-Industrial Services: All such services which do not have a direct bearing on the manufacturing process but are needed by any manufacturing unit are called non-industrial services, say transport.

2.47 Net Value Added (NVA): This is the increment to the value of goods and services that contributed by the factory and is obtained by deducting the value of total inputs and depreciation from gross value of output.

CHAPTER THREE
SURVEY FINDINGS

3.1 The data collected through Annual Survey of Industries 2007-08 reveals that there were 24,830 factories in the State providing employment to 14.06 lakh persons. During 2006-07 there were 21,187 factories providing employment to 13.72 lakh persons. The net value added of these factories together was ₹. 1,01,398 crore during 2006-07 and 1,26,537 crore during 2007-08 respectively.

3.1.1 Some important economic aggregates based on Annual Survey of Industries (ASI) in the State for 2006-07 and 2007-08 are given in table 3.1. It is observed that there was increase in Gross Value Added by around 24 per cent.

Table 3.1
Some Important Economic Aggregates based on ASI

Sr. No.	Characteristics	Unit	2006-07	2007-08	Percentage Increase of 2007-08 Over 2006-07
1	2	3	4	5	6
1	Industries/Factories	Number	21,187	24,830	17.19
2	Fixed Capital	₹. crore	1,13,975	1,45,322	27.50
3	Working Capital	₹. crore	45,927	65,752	43.17
4	Workers	Number	9,72,611	9,99,209	2.73
5	Employees	Number	13,71,514	14,05,810	2.50
6	Wages	₹. crore	7,651	8,832	15.44
7	Emoluments	₹. crore	17,612	21,464	21.87
8	Total Input	₹. crore	3,55,585	4,25,063	19.54
9	Total Output	₹. crore	4,68,115	5,64,430	20.58
10	Gross Value Added	₹. crore	1,12,531	1,39,367	23.85
11	Net Value Added	₹. crore	1,01,398	1,26,537	24.79

3.2 The distribution of industries by type of organisation in the State during 2006-07 and 2007-08 is shown in Table 3.2. Of the total industries, about 36 percent were from Corporate sector. Net value added of these industries taken together was ₹.83.7 crore (about 66 per cent) in 2007-08. About 74 per cent (₹.10.37 lakh) employment was generated by these industries in 2007-08. Though no. of industries in Non-Corporate sector was higher (i.e. 63 per cent), the share of these industries in net value added was marginal (i.e. about 6 per cent). Among these sectors, maximum share was of Partnership firms/industries. The share of these industries in total output was around seven per cent while in total employment share was around 16 per cent.

NVA- Net value added

3.3 Table 3.3 gives some important indicators of industries by type of organisation for 2006-07 and 2007-08. The per employee net value added was found higher for other sector (₹.25.50 lakh during 2007-08 and ₹.22.92 lakh during 2006-07). Whereas per employee net value added for Corporate sector industries was ₹.8.08 lakh and was ₹.3.21 lakh for Non-corporate sector industries during 2007-08.

Note: Figures in brackets indicate percentages to total. NVA- Net value added GFCF-Gross fixed capital formation.

3.5 The structural ratios derived from economic aggregates are given in Table 3.5. It shows that working capital per employee and net value added per employee were highest in Private Sector. Whereas, NVA per employee was highest in Private Sector for 2007-08 and in Joint Sector for 2006-07. Ratio of Fixed Capital to NVA and ratio of emolument to NVA was highest in Public Sector.

Table No. 3.5

NVA- Net value added

3.6 Table 3.6 gives the distribution of industries by size of employment. Of the total, about three-fourth of total industries were having employment size upto 50 employees. About fourteen lakh employees were working in all industries. Of total industries, 77.6 per cent industries in 2006-07 and 71.5 per cent industries in 2007-08 had less than 50 employees. Though share of working capital & employment was highest in the size class of employment 200-499, total output & net value added were highest in the size class of employment 500-999 and share of total input & GFCF was highest in the size class of employment 1000-1999 & 2000-4999 respectively.

Table 3.6

GFCF:-Gross fixed capital formation

NVA:- Net value added

Note: Figures in brackets indicate percentages to total.

3.7 Structural ratios and technical parameters of industries by employment size are given in Table 3.7. Per employee net value added was highest for industries having employment size 500 to 999. Further per employee GFCF was highest for industries having 1000 to 1999. Whereas, fixed capital was highest for industries having employment 2000 to 4999

GFCF:-Gross fixed capital formation

GVA-Gross value added

NVA:- Net value added

3.8 Distribution of industries by size of fixed capital in the state is given in Table 3.8. It is seen that maximum number of industries in the State (26.6 per cent in 2006-07 and 33.4 per cent in 2007-08) had fixed capital more than ₹. one crore. The factories having fixed capital more than ₹. one crore had maximum share in working capital, total output, total input, net value added, GFCF and employment.

GFCF:-Gross fixed capital formation

NVA:- Net value added

Note: Figures in brackets indicate percentages to total.

3.9 Distribution of industries/factories and their important characteristics by major industrial group in Maharashtra is given in Table 3.9. Of the total industries, following are the major industries namely food products and beverages (15), textiles (17), chemicals and chemical products (24), coke, refined petroleum products and nuclear fuel (23), basic metals (27), fabricated metal products, except machinery and equipment (28), machinery and equipment n.e.c. (29), motor vehicles, trailers and semi-trailers (34). These industry groups contributed around 59 per cent of total industries and provided employment to about 9.25 lakh persons during 2007-08. The maximum share in NVA and total output was of Manufacture of coke, refined petroleum products and nuclear fuel industries.

NVA ó Net value added

GFCF ó Gross fixed capital formation

3.10 The district-wise distribution of industries and their important characteristics in the state for 2006-07 in table 3.10 and for 2007-08 in table 3.11. It is observed that more than 50 per cent industries were concentrated in Thane, Mumbai and Pune districts. In respect of fixed capital, Raigad district ranked first followed by Pune, Mumbai and Thane for 2006-07 and for 2007-08, Pune district ranked first followed by Raigad, Mumbai and Thane. In case of employment Pune district ranked first followed by Thane, Mumbai and Raigad for 2007-08. These districts contributed together more than 50 per cent of employment. Though, number of factories in Raigad was less than 5 per cent, their share in GVA and NVA was highest in 2006-07 as well as in 2007-08. Industries located in Pune, Thane, Mumbai and Raigad contributed together more than 50 per cent of all other characteristics such as total input, total output, gross value added, etc.

CHAPTER -4

SUMMARY

4.0 The Annual Survey of Industries (ASI) covers all factories registered under -Factories Act, 1948 and Bidi and Cigar establishments registered under -Bidi and Cigar Worker (Conditions of Employment) Act, 1966. This chapter highlights the main findings of the survey during 2006-07 and 2007-08.

4.1 Salient features of Annual Survey of Industries 2006-07 are as follows,

- In all 21,187 factories located in the State providing 13.71 lakh employment
- Major industry groups :
 - manufacturing of food products (15)
 - manufacturing of textile (17)
 - manufacturing of chemicals and chemical products (24)
 - manufacturing of coke, refined petroleum products and nuclear fuel(23)
 - manufacturing of basic metals (27)
 - manufacturing of fabricated metal products (28)
 - manufacturing of machinery and equipment n.e.c. (29)
 - manufacturing of motor vehicles, trailers and semi trailers(34)
- Total 12,227 (57.7 per cent) industries working of these group together
- Provided about 8.22 lakh (59.9 per cent) employment together
- Contributed 73.6 per cent of total output and 74.3 per cent of net value added
- Type of organisation
 - Maximum (57.1 per cent) factories functioning in Non-corporate sector
 - Significant share of Corporate sector in fixed capital, working capital, total output, nva and employment, (84.3, 35.5, 72.3, 62.3 and 72.3 per cent) respectively.
 - Major share of Public Limited Companies of Corporate sector in fixed capital (64.5 percent), working capital (21.9 per cent), total output (47.9 per cent), net value added (41.4 per cent) and employment (42.3 per cent).
- Ownership
 - Private sector shows highest share (more than 93 per cent) in all the characteristics.
- Employment
 - About 77 per cent industries were having employment size upto 50 employees.
 - Size class of employment 200-499 had highest share in working capital (24.8 per cent) and in employment (19.8 per cent).
 - Total output was 21.2 and net value added was 39.0 per cent in size class of employment 500-999.
- 26.6 per cent factories had fixed capital (97.5 per cent) greater than ₹ one crore. These factories had maximum share in working capital (90.2 per cent), total output (92.4 per cent), total input (92.2 per cent), net value added (92.5 per cent), GFCF (98.9 per cent), employment (77.3 per cent),
- More than 50 per cent of total factories were located in Thane, Mumbai and Pune districts. These factories along with Raigad contributed together more than 50 per cent of all other characteristics such as total Input, total output, gross value added, etc.

4.2 Salient features of Annual Survey of Industries 2007-08 are as follows,

- Total 24,830 factories in the State providing 14.06 lakh employment
- Major industry groups
 - manufacturing of food products (15)
 - manufacturing of textile (17)
 - manufacturing of chemicals and chemical products (24)
 - manufacturing of coke, refined petroleum products and nuclear fuel (23)
 - manufacturing of basic metals (27)
 - manufacturing of fabricated metal products (28)
 - manufacturing of machinery and equipment n.e.c. (29)
 - manufacturing of motor vehicles, trailers and semi trailers (34)
- Total industries working in these group together were 15142 (60.9%)
- Provided employment to about 9.2 lakh (66%) person
- Contributed 73.6% of total output and 76.3% of NVA
- Type of organisation
 - Maximum (62.7 per cent) factories functioning in Non-corporate sector
 - Significant share of Corporate sector in fixed capital, working capital, total output, nva and employment (86.4, 86.5, 73.8, 66.2 and 73.7 per cent) respectively.
 - Major share of Public Limited Companies of Corporate sector in fixed capital (56.8 percent), working capital (36.1 per cent), total output (45.7 per cent), NVA (44.2 per cent) and employment (36.2 per cent).
- Type of Ownership
 - Private sector shows highest share (more than 96 per cent) in all the characteristics
- Employment
 - About 71 per cent industries were having employment size upto 50 employees.
 - Size class of employment 200-499 had highest share in working capital (21.3 per cent) and employment (21.0 per cent).
 - Total output was 18.9 and net value added was 33.6 per cent in size class of employment 500-999.
- 33.4 per cent factories had fixed capital (98.0 per cent) greater than one crore, having maximum share in working capital (91.2 per cent), total output (93.1 per cent), total input (92.7 per cent), NVA (93.8 per cent), GFCF (99.5 per cent) and employment (80.0 per cent).
- More than 50 per cent of total factories were located in Thane, Mumbai and Pune districts. These factories along with Raigad district contributed together more than 50 per cent of all other characteristics such as total input, total output, gross value added, etc.

Annual Survey of Industries 2006-2007 (Part 6I)
(Please read the instructions before filling the return)

BLOCK A. FOR OFFICIAL USE

BLOCK B. TO BE FILLED BY OWNER OF THE FACTORY

1. Schedule Despatch No.	
2. PSL No.	
3. Scheme Code (Census-1, Sample-2)	
4. Industry Code as per Frame (4-digit level of NIC-98)	
5. Industry Code as per Return (5-digit level of NIC-98)	
6. Description of Industry	
7. State Code	
8. District Code	
9. Sector (Rural-1, Urban-2)	
10. RO /SRO code	
11. No. of Units	
12. Status of Unit (code)	

1. Name and address of the individual undertaking	Vill/Town: District: State: Pin code:
2. Type of Organisation (code)	
3. Type of ownership (code)	
4. If the type of Organisation codes are 4 & 5 and type of ownership code is 6, how many total number of units the company has	
5. How many units located in the same state	
6. Year of initial production	
7. Accounting year (í . To í)	
8. Number of months of operation	
9. Does your unit have computerised accounting system? (Yes-1, No-2)	
10. Can your unit supply ASI data in Computer media? (Yes-1, No-2)	
11. Name & Designation of Contact person:	Tele (with STD code): FAX no: E-mail:

DECLARATION

I hereby declare that information furnished in this return is correct and complete to the best of my knowledge and belief.

Date :

Place :

(Signature of owner with stamp)

BLOCK C: FIXED ASSETS

DSL No./PSL No.....

Sl. No.	Types of Assets	Gross Value (Rs.)					Depreciation (Rs.)			Net Value (Rs.)	
		Opening as on ----	Addition during the year		Deduction & Adjustment during the year	Closing as on ---- (3+4+5-6)	Up to year beginning	Provided during the year	Up to year end (8+9)	Opening as on ---- (3-8)	Closing as on ----- (7-10)
			Due to revaluation	Actual Addition							
(1)	(2)	(3)	(4)	(5)	(6)	(7)	(8)	(9)	(10)	(11)	(12)
1.	Land

3.	Plant & Machinery										
4.	Transport equipment										
5.	Computer equipment including software										
6.	Pollution Control Equipment										
7.	Others										
8.	Sub-total (2 to 7)										
9.	Capital work in progress										
10.	Total (1+8+9)										

BLOCK D: WORKING CAPITAL & LOANS**DSL No./PSL No.....**

Sl.No.	Items	Opening (Rs.)	Closing (Rs.)
(1)	(2)	(3)	(4)
1.	Raw Materials & Components and Packing materials		
2.	Fuels & Lubricants		
3.	Spares, Stores & Others		
4.	Sub-total (1 to 3)		
5.	Semi-finished goods/work in progress		
6.	Finished goods		
7.	Total inventory (4 to 6)		
8.	Cash in Hand in Hand & at Bank		
9.	Sundry Debtors		
10.	Other current assets		
11.	Total current assets (7 to 10)		
12.	Sundry Creditors		
13.	Over draft, cash credit, other short Terms loan from Banks & other financial Institutions.		
14.	Other current liabilities.		
15.	Total current liabilities (12 to 14)		
16.	Working capital (11 minus 15)*		
17.	Outstanding loans (excluding Interest but including deposits)**		

*Give reasons in the footnote for negative values and abnormal verification in opening and closing values.

** If outstanding loans include interest, a footnote may be given

BLOCK E : EMPLOYMENT AND LABOUR COST

DSL No./PSL No.....

Sl No	Category of staff	Man-days worked			Average Number of Persons worked	No. of Mandays paid for	Wages/ salaries (in Rs.)	Bonus (in Rs.)	Contribution to Provident & Other funds (in Rs.)	Workman & staff welfare expenses (in Rs.)
		Manufacturing	Non Manufacturing	Total						
1	2	3	4	5	6	7	8	9	10	11
1	Male Workers employed directly									
2	Female Workers employed directly									
3	Child Workers employed directly									
4	Sub-total (1+2+3)									
5	Workers employed through contractors									
6	Total Workers (4+5)									
7	Supervisory & managerial staff									
8	Other employees									
9	Unpaid family members/proprietor/Coop. members	X	X	X		X	X	X	X	X
10	Total employees (6+7+8+9)									
11	Number of working days	(i) Manufacturing days								
		(ii) Non-Manufacturing days								
		(iii) Total								
12	Total Cost of Production (in Rs.) Item 10. Col.8,9,10 & 11 of Bl. E (+) item 7.8.9 & 10 Col 3 of Bl. F (+) item 22 of Col 6 of Bl. H (+) item 7, Col 6 Bl.I									

BLOCK F : OTHER EXPENSES

Sl. No.	Items	Expenditure (in Rs.)
(1)	(2)	(3)
1.	Work done by others on materials supplied by the industrial undertaking	
2.	Repair & maintenance of	
	(i) Building	
	(ii) Plant & machinery	
	(iii) Pollution control equipment	
	(iv) Other fixed assets	
3.	Operating expenses	
4.	Non-operating expenses (excluding insurance Charges)	
5.	Insurance Charges	
6.	Rent paid for plant & machinery and Other Fixed Assets	
7.	Total expenses (1 to 6)	
8.	Rent paid for buildings	
9.	Rent paid for land on lease or royalties on mines, quarries and similar assets	
10.	Interest paid	
11.	Purchase value of goods sold in the same condition as purchased	

BLOCK G : OTHER INCOMES

Sl.No.	Items	Receipts in Rs.
(1)	(2)	(3)
1.	Income from services (industrial/non industrial including work done for others on materials supplied by them and sale value of waste left by the party)	
2.	Variation in stock of semi-finished goods (Col.(4)minus Col(3) against item 5 in Block D)	
3.	Value of electricity generated and sold	
4.	Value of own construction	
5.	Net balance of goods sold in the same condition as purchased. (Item 11 of Bl.G minus item 11 of Bl.F)	
6.	Rent received for Plant & machinery and Other Fixed Assets	
7.	Total receipts (1 to 6)	
8.	Rent received for buildings	
9.	Rent received for land on lease or royalties on mines, quarries and similar assets	
10.	Interest received	
11.	Sale value of goods sold in the same condition as purchased	

BLOCK H: INPUT ITEMS (indigenous items consumed)

DSL No./PSL No.....

Sl.No.	Item Description	Item Code (ASICC)	Unit of Quantity	Quantity consumed	Purchase Value (in Rs.)	Rate per unit (in Rs.)

17.	Petrol, Diesel, Oil, Lubricants Consumed	99906	X	X		X
18.	Coal Consumed	99907				X
19.	Other Fuel Consumed	99204	X	X		X
20.	Consumable store	99220	X	X		X
21.	Total non-basic items (13 to 20)	99920	X	X		X
22	Total inputs (12 + 21)	99930	X	X		X
23.	Any additional requirement of electricity (unmet demand)		KWH		X	X

BLOCK I: INPUT ITEMS – directly imported items only (consumed)
DSL No./PSL No.....

Sl. No.	Item Description (Major five imported items)	Item Code (ASICC)	Unit of Quantity	Quantity consumed	Purchase Value (in Rs.)	Rate per Unit (In Rs.)
(1)	(2)	(3)	(4)	(5)	(6)	(7)
1.						
2.						
3.						
4.						
5.						
6.	Other items imported	99221	X	X		X
7.	Total imports (consumed) (1 to 6)	99940	X	X		X

BLOCK J: PRODUCTS AND BY-PRODUCTS (manufactured by the unit)
DSL No./PSL No.....

Sl. No.	Products /By-Products Description (First ten major Items as per value - no brand name)	Item Code (ASICC)	Unit of Qty.	Qty manufacture	Qty sold	Gross Sale Value (Rs) (including subsidy received)	Distributive Expenses (Rs.)				Per Unit net sale value (Rs. 0.00) (7-11)/6	Ex-factory value of Output (Rs.) (12x5)
							Excise duty	Sales Tax	Others	Total		
(1)	(2)	(3)	(4)	(5)	(6)	(7)	(8)	(9)	(10)	(11)	(12)	(13)
1.												
2.												
3.												
4.												
5.												
6.												
7.												
8.												
9.												
10.												
11.	Other Products/ By-Products	99211	X	X	X						X	
12.	Total (1 to 11)	99950	X	X	X						X	

Note: Gross Sale Value of all products /by-products produced by the company for all the units (Rs Thousand)=í í í í ..

FOR OFFICIAL USE ONLY

K. Particulars of field operations :

1	Name of Asst. Supdt.		5	Date of receipt from factory.	
2	Signature of Asst. Supdt		6	Date of verification/compilation	
3	Name of Supdt.		7	Date(s) of scrutiny	
4	Signature of Supdt.		8	Date of despatch	

L. **Comments of Asst. Supdt./Supdt.** (Reasons for negative working capital and for any abnormal values or entries (high or low) in respect to important characteristics (Such as GVA, working capital, wage rate, number of workers, distributive expenses, depreciation etc.) should be given invariably. For instance the reasons for high GVA could be increased demand/production, profit, govt. subsidy; or for low GVA, the reasons could be decreased demand/production, capacity under-utilization, high input cost etc. similarly reasons for any abnormal values of certain important ratios eg. Ratio of output to input, ratio of depreciation/distributive expenses to output etc should be given. **Please refer to detailed instruction also for further guidance.**

CONFIDENTIAL

Government of India
Ministry of Statistics and Programme Implementation
Return under rules 3 and 4 of the Collection of Statistics (Central Rules), 1959
Annual Survey of Industries 2007-2008 (Part 6I)
(Please read the instructions before filling the return)

BLOCK A. FOR OFFICIAL USE

1. Schedule Despatch No.	
2. PSL No.	
3. Scheme Code (Census-1, Sample-2)	
4. Industry Code as per Frame (4-digit level of NIC-98)	
5. Industry Code as per Return (5-digit level of NIC-98)	
6. Description of Industry	
7. State Code	
8. District Code	
9. Sector (Rural-1, Urban-2)	
10. RO /SRO code	
11. No. of Units	
12. Status of Unit (code)	

BLOCK B. TO BE FILLED BY OWNER OF THE FACTORY

1. Name and address of the individual undertaking	Vill/Town: District: State: Pin code:
2. Type of Organisation (code)	
3. Type of ownership (code)	
4. If the type of Organisation codes are 4 & 5 and type of ownership code is 6, how many total number of units the company has	
5. How many units located in the same state	
6. Year of initial production	
7. Accounting year (í . To í)	
8. Number of months of operation	
9. Does your unit have computerised accounting system? (Yes-1, No-2)	
10. Can your unit supply ASI data in Computer media? (Yes-1, No-2)	
11. Name & Designation of Contact person:	Tele (with STD code): FAX no: E-mail:

DECLARATION

I hereby declare that information furnished in this return is correct and complete to the best of my knowledge and belief.

Date :
Place :

(Signature of owner with stamp)

BLOCK C: FIXED ASSETS

DSL No./PSL No.....

Sl. No	Types of Assets	Gross Value (Rs.)					Depreciation (Rs.)			Net Value (Rs.)	
		Opening as on ----	Addition during the year		Deduction & Adjustment during the year	Closing as on ----	Up to year beginning	Provided during the year	Up to year end (8+9)	Opening as on -----	Closing as on -----
			Due to revaluation	Actual Addition							
(1)	(2)	(3)	(4)	(5)	(6)	(7)	(8)	(9)	(10)	(11)	(12)
1.	Land										
2.	Building										
3.	Plant & Machinery										
4.	Transport equipment										
5.	Computer equipment including software										
6.	Pollution Control Equipment										
7.	Others										
8.	Sub-total (2 to 7)										
9.	Capital work in progress										
10.	Total (1+8+9)										

BLOCK D: WORKING CAPITAL & LOANS

DSL No./PSL No.....

Sl.No.	Items	Opening (Rs.)	Closing (Rs.)
(1)	(2)	(3)	(4)
1.	Raw Materials & Components and Packing materials		
2.	Fuels & Lubricants		
3.	Spares, Stores & Others		
4.	Sub-total (1 to 3)		
5.	Semi-finished goods/work in progress		
6.	Finished goods		
7.	Total inventory (4 to 6)		
8.	Cash in Hand in Hand & at Bank		
9.	Sundry Debtors		
10.	Other current assets		
11.	Total current assets (7 to 10)		
12.	Sundry Creditors		
13.	Over draft, cash credit, other short Terms loan from Banks & other financial Institutions.		
14.	Other current liabilities.		
15.	Total current liabilities (12 to 14)		
16.	Working capital (11 minus 15)*		
17.	Outstanding loans (excluding Interest but including deposits)**		

*Give reasons in the footnote for negative values and abnormal verification in opening and closing values.

** If outstanding loans include interest, a footnote may be given

BLOCK E : EMPLOYMENT AND LABOUR COST

DSL No./PSL No.....

Sl No	Category of staff	Man-days worked			Average Number of Persons worked	No. of Mandays paid for	Wages/ salaries (in Rs.)	Bonus (in Rs.)	Contribution to Provident & Other funds (in Rs.)	Workman & staff welfare expenses (in Rs.)
		Manufacturing	Non Manufacturing	Total						
1	2	3	4	5	6	7	8	9	10	11

10	Total employees (6+7+8+9)									
11	Number of working days	(i) Manufacturing days								
		(ii) Non-Manufacturing days								
		(iii) Total								
12	Total Cost of Production (in Rs.) Item 10. Col.8,9,10 & 11 of Bl. E (+) item 7.8.9 & 10 Col 3 of Bl. F (+) item 22 of Col 6 of Bl. H (+) item 7, Col 6 Bl.I									

CONFIDENTIAL

BLOCK F : OTHER EXPENSES

Sl. No.	Items	Expenditure (in Rs.)
(1)	(2)	(3)
1.	Work done by others on materials supplied by the industrial undertaking	
2.	Repair & maintenance of	
	(i) Building	
	(ii) Plant & machinery	
	(iii) Pollution control equipment	
	(iv) Other fixed assets	
3.	Operating expenses	
4.	Non-operating expenses (excluding insurance Charges)	
5.	Insurance Charges	
6.	Rent paid for plant & machinery and Other Fixed Assets	
7.	Total expenses (1 to 6)	
8.	Rent paid for buildings	
9.	Rent paid for land on lease or royalties on mines, quarries and similar assets	
10.	Interest paid	
11.	Purchase value of goods sold in the same condition as purchased	

BLOCK G : OTHER INCOMES

Sl.No.	Items	Receipts in Rs.
(1)	(2)	(3)
1.	Income from services (industrial/non industrial including work done for others on materials supplied by them and sale value of waste left by the party)	
2.	Variation in stock of semi-finished goods (Col.(4)minus Col(3) against item 5 in Block D)	
3.	Value of electricity generated and sold	
4.	Value of own construction	
5.	Net balance of goods sold in the same condition as purchased. (Item 11 of B1.G minus item 11 of B1.F)	
6.	Rent received for Plant & machinery and Other Fixed Assets	
7.	Total receipts (1 to 6)	
8.	Rent received for buildings	
9.	Rent received for land on lease or royalties on mines, quarries and similar assets	
10.	Interest received	
11.	Sale value of goods sold in the same condition as purchased	

BLOCK H: INPUT ITEMS (indigenous items consumed)

DSL No./PSL No.....

Sl.No.	Item Description	Item Code (ASICC)	Unit of Quantity	Quantity consumed	Purchase Value (in Rs.)	Rate per unit (in Rs.)
(1)	(2)	(3)	(4)	(5)	(6)	(7)
	Major Ten Basic Items (Indigenous)	X	X	X	X	X
