Schedule 33.1: Land and Livestock Holding of Households and Situation Assessment
Survey of Agricultural Households
DPD Computer Scrutiny Programme

1. Some of the range checks have been proposed which may undergo change when data are checked.
2. Unless otherwise stated, the CSP points are applicable to both visit 1 and visit 2.
3. Special care has to be taken to ensure that areas in different columns of Block 5, 5.1 and 6 are recorded in **two places of decimals in acres.**
4. In remarks column the nos showing previous rules.

NSS 77th Round (January to December 2019)
Schedule 18.2: Debt and Investment
DPD Computer Scrutiny Programme

1. Some of the range checks have been proposed which may undergo change when data are checked.
2. Unless otherwise stated, the CSP points are applicable to both visit 1 and visit 2.
3. Newly introduced rules are highlighted in red font color and the old rule no. of the previous doc file is given in the 'remarks' column.
4. Rule no. 42 and 101 have been dropped as the reference period of relevant blocks are not same or comparable.
5. Rule no. 46(ii) i.e. **Col 5 of block 5.1/5.2/item 98 \geq block 6 item 1, col 5** has been dropped. (Reason: Col 5 of block 5.1/5.2/item 98 is the value of area of homestead land, whereas, block 6 item 1, col 5 is the value of both residential building and land together. So both are not comparable)
